BUILT-IN				
Total Disability Income Benefit	~	~	Can provide you with a monthly payment if you are unable to work, due to illness or injury, for more than 10 hours a week.	Without an income, mounting debts can cause additional stress. How long could you afford to cover your monthly bills, without completely draining any savings safety net?
Partial Disability Income Benefit	$\checkmark$	~~	To help you to make the transition between total disablement and a return to work.	Not everybody who gets sick can go from being totally disabled to back to work in one seamless move. For those people who can't, partial disability payments are there to make the process a little easier.
Advance Payment Incentive	~	~	If your claim is accepted by Sovereign within the waiting period, you can receive half of your first month's benefit at the end of the waiting period.	This benefit recognises that to go without an income during a waiting period can cause undue stress.
Enhanced Partial Disability Income Benefit	$\checkmark$	~	You may be eligible for a monthly top-up payment, paid for up to 12 months while on claim.	It may well be an expensive time, which is why we try to ease the transition with an enhanced payment for 12 months.
Recurrent Disablement Benefit	$\checkmark$	~~	Should you suffer a recurrence of the same disability within six months (or 12 months for Premier Cover) of your benefit ceasing, we will waive the waiting period.	If you have a relapse of your disability, it will not disadvantage you as eligibility for the benefit starts immediately.
Vocational Retraining Benefit	$\checkmark$	$\checkmark$	Provides funding for Sovereign-approved retraining programmes.	This benefit can help you retrain to return to work.
Rehabilitation Expense Benefit	$\checkmark$	$\checkmark$	A lump sum of up to six times your monthly benefit is available to pay for approved specialised equipment or home alterations.	Improving your quality of life after a claim can be costly. You may qualify for financial assistance.
Bed Confinement Benefit	V	~~	If you are confined to bed during the waiting period, at home or in a hospital, and under full-time care, you could be eligible for a benefit payment for each complete 24-hour period (Premier Cover pays from the first day) after the first 72 hours of bed confinement.	This benefit can ease additional costs that may be incurred during the waiting period.
Leave Without Pay Benefit	$\checkmark$	~	If you become totally disabled while on leave without pay due to maternity, paternity or work sabbatical for 12 months or less, we will pay your benefit entitlement.	You are not prevented from making a claim because of short-term changes to your employment status.
Suspension of Cover Benefit	$\checkmark$	~	Should you go on parental leave, sabbatical leave, study leave or leave without pay, you can apply to us to suspend your cover.	This allows you to keep your income protection policy intact and ready to reinstate upon your return to work, without having to reapply for cover.
Back to Work Payment	$\checkmark$	~	If you return to work between 12 and 24 months after claiming, you could receive a lump-sum payment equal to three times your monthly benefit claim amount.	Returning to work has a positive effect on your life and confidence. The financial assistance of a lump sum can provide a real boost.
OPTIONAL				
Retirement Protection Benefit	~	~	Covers your employee contributions to your KiwiSaver Scheme.	This benefit provides you with the certainty of knowing that your retirement savings will continue while you're on a total disability claim.
Future Insurability Benefit	~	~	Allows the insured person to increase their sum assured without having to provide further medical evidence.	Your income is not set in stone; you may get a pay rise and need to increase your cover, so we make it easy for you to apply for additional cover.
Mental Health Limitation	$\checkmark$	~	If you are totally disabled as a result of a mental health disorder, you may claim for a maximum of two years.	This alllows you to reduce your premium as mental health disorders can be hard to assess.
Claim Indexation Benefit	$\checkmark$	$\checkmark\checkmark$	Your benefit amount will increase every year, by the same percentage as the Consumer Price Index (CPI).	This keeps your claim payments in line with the increase in inflation each year.
EXTRA- PRE	MIER CO	VER OPT	ION ONLY	
Extra Cash Benefit	х	~	Available as an optional addition to Disability Income Protection; it provides a benefit payment equivalent to one-third of the monthly benefit for three months.	These options provide a little more money in a variety of circumstances, to lessen the impact of being disabled.
Permanent Disablement Benefit	х	~	Available as an optional addition to Disability Income Protection; it provides a benefit payment equivalent to one-third of the monthly benefit.	
Home Care Benefit	х	~	Available as an optional addition to Disability Income Protection; it provides a benefit payment to cover the services of a carer.	
Bereavement Grant	×	~	Available as an optional addition to Disability Income Protection; it provides a benefit payment for three times the monthly Total Disability Income Benefit if the life assured dies while on a total disability claim.
